

## Dear rising fourth-year student

Thanks so much for your interest in East Virginia during your year at VCOM. We would be sincerely excited to have you.

### Clerkship rotations

Attached to this letter, you will find a rotation request form showing the disciplines we currently offer in our region. After reviewing, please indicate which disciplines you are interested in and you would be willing to do them. For example, if you would like to request cardiology and endocrinology during periods 16 and 17, consider checking 16 and 17 for both disciplines. The more flexible you are with your schedule, the more options we have in accommodating you. Include any additional information you would like in the space provided. Also, bear in mind that period 2 only applies to students on an altered degree plan. When a preceptor or practice has agreed to take you, we will approve your rotation. There

Please check all the periods that you would be willing to do each discipline. Complete the form carefully. Rotation spots are limited; preference will be given to early registrants.
